Hey there

Our understanding is that they have been trying to work with several towing companies without any luck and have reached the conclusion that they will need the providers to be compelled.

Once we compel then - whether it is done directly by RCMP through your authority or through your authority to another police organization, Canada is on the hook to pay and is also liable if anything that goes wrong.

Because there is an integrated command center for Ottawa, we actually think it lowers the risk if the RCMP executes. The processes are ready to go.

Happy to have a quick discussion if that helps.

Subject: Draft Letter/Language for RCMP Commissioner

Good evening Commissioner,

Here is the draft language that Ms. Heidi Blutstein, senior counsel, has provided per your request. Please share with Commissioner Lucki of the RCMP for her use.

Pursuant to section 7(1) of the Emergency Measures Regulations under the Emergencies Act, any person must make available, and render, the essential goods and services requested by:

- the Minister of Public Safety and Emergency Preparedness,
- the Commissioner of the Royal Canadian Mounted Police, or
- a person acting on their behalf

for the removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade.

As the Commissioner of the Royal Canadian Mounted Police, I am requesting that the Ontario Provincial Police and its members, at the direction of OPP Commissioner Carrique, and the Ottawa Police Service and its members, at the direction of A/Chief Bell, act on behalf of the RCMP for the purposes of this section.

Please let me know if we can be of any further assistance.

Mary
